

# Gas Engine Management Solutions

*Our Solution for your Waukesha Engine*

Access your diagnostic and troubleshooting needs—all within reach and with no computer required.

The G.E.M.S. panel eliminates J-Boxes and reduces on-site installation costs. G.E.M.S. provides you the most efficient solution for enhancing engine performance.

Let us help you decrease your down-time, increase reliability and reduce unscheduled shutdowns by upgrading your engine with the CEA G.E.M.S. Panel.
